POISON IN WATER KILLS TWO CHILDREN.

Wife is Paralyzed and Husband is Very Ill—Third Child is Dying.

SAN FRANCISCO, October 23.—Two children dead, another child in a serious condition, the mother stricken with paralysis and the father showing distinct symptoms, is the record in the family of William Redford, the chief engineer of the North Shore Company's power-house at Alto, all of whom were stricken with white lead poisoning.

The last death occurred this morning when Verel, aged 11 years, expired at St. Luke's Hospital.

The mother, Mrs. Mary P. Redford,

MONTANA GETS NEW OFFICERS A HARD BLOW.

COPPER COMPANY SHUTS DOWN AND THOUSANDS ARE OUT OF WORK.

BUTTE, Mont., October 23.—By the general shut down of the Amalgamated Copper Company properties last night, from 13,000 to 15,000 men are directly thrown out of employment and others will be indirectly affected within a week. So that the grand total will reach 20,000 in Montana, Wyoming and Utah. The Great Northern will lay off a large portion of their freight crews, heretofore hauling ore from Butte to the Boston and Montana smelter at Great Falls. The Butte, Anaconda and Pacific Railway will lay off all freight crews between Butte and Anaconda. In addition to these, numerous other enterprises, large and small, which relied upon the Amalgamated as their chief customer, will be obliged to curtail. In Montana alone approximately one million dollars a week is cut off the pay-roll.

Streets are filled today with the 7,000 miners thrown out last night. Boarding house keepers, storekeepers, etc., whom the miners owe, besieged the justice courts, seeking garnishment orders. The constables cannot serve the papers fast enough, the justice clerks are working overtime filling them out. President Scallion, of the Anaconda Copper Company, is expected to make a statement to the Associated Press this afternoon. So far there has been no violence.

BURGULARS GET DIAMONDS. FAST ELECTRIC CAR.

CLEVELAND, Ohio, October 23.—Burglars gained an entrance last night to the store-room of the Deutch Jewelry Company and secured diamonds to the value of \$6000. The police thus far have not been able to secure any trace of the burglars.

ENGAGEMENT OF MISS SHREVE AND F. M. PARCELLS IS ANNOUNCED.

A notable engagement was announced this afternoon, that of Miss Shreve, of Alameda, and Frank M. Parcells, of this city. The bride-elect, whose home is in Alameda, is a graduate of the University of California, of the Class of 1900. She is a most interesting girl with many friends, and she is the daughter of George S. Shreve, a well known merchant of San Francisco.

Frank Parcells is the eldest son of Mrs. Parcells and the late C. B. Parcells. He is a graduate of the University of California, and of the Harvard Law School, and is engaged in the practice of law in San Francisco. The announcement of the engagement has been postponed until a few weeks before the marriage which will take place in November.

The happy announcement was made this afternoon at a luncheon, given by Mrs. C. B. Parcells, at her home on Webster street, in honor of the bride-elect.

The table was an exceedingly dainty study, carrying exquisite decorations of violets. Wedding tulle came from the chandeliers, the center piece, and was arranged with fine effect. About the table were seated Miss Shreve and

BOODLER CANNOT ESCAPE.

Uncle Sam Calls on Mexico to Surrender Kratz.

He Will Be Brought Back to St. Louis to Stand Trial.

ST. LOUIS, Missouri, Oct. 23.—Detective McDonnell returned today from Jefferson City and delivered to Circuit Attorney Folk, the extradition papers, signed by Governor Dockery, for the return of Charles Kratz, former member of the St. Louis city council, indicted on a charge of bribery in connection with the suburban franchise deal, who was arrested in Mexico at the request of the State Department. Mr. Folk has not announced the names of the men who will be sent to Guadalajara for Kratz tonight.

WASHINGTON, Oct. 23.—The State Department has arranged for the return from Mexico to St. Louis for trial of the alleged boodler, Charles J. Kratz. The constitution of Mexico makes it impossible to surrender fugitives from this country charged with bribery committed prior to the negotiations of the new extradition treaty. The State Department called upon the Mexican government to surrender Kratz as an act of comity, a very unusual proceeding upon the part of the United States.

Mexico has a law allowing fugitives to be surrendered under such a call, even when their alleged crimes are not extraditable under treaty. The only requirement is that the nation seeking the surrender of such a fugitive shall engage to grant any similar request coming from Mexico. The State Department is waiting to hear further from Governor Dockery of Missouri before issuing the final papers accrediting Missouri's agents with authority to take possession of the person of Kratz, who is now at Guadalajara, Mexico.

WIFE SWEARS TO ASSAULT COMPLAINT.

NEWARK, October 23.—Lafayette Moulton was arrested yesterday on a charge of having assaulted William Dugan, with a knife with intent to kill him. A telephone message was sent to the District Attorney yesterday appraising him of the fact of Moulton's capture by Justice of the Peace Sandholtz, and asking that a day be set for Moulton's preliminary examination.

Moulton told Dugan several nights ago, but made his escape in the darkness and remained in hiding for a day or so before he was finally located. Dugan did not wish to prosecute the charge, but his wife, when she found out how he had received his injury, went before the Justice and swore to the complaint.

William Dugan, with his father, conducts the Newark House here. Young Dugan was on duty Wednesday night, and about midnight Moulton came in under the influence of liquor and wanted drinks. He was given one and then Dugan attempted to get him out of the place, where Moulton turned and slashed him with a knife, striking his arm.

MAGISTRATE TOLD HIM DO DENY IN.

NEW YORK, Oct. 23.—Sentence on Bernard Lynch, the saloonkeeper who pleaded guilty to a charge of perjury in connection with the Samuel J. Parks case, was suspended today by Judge Foster. An affidavit was filed by defendant's counsel to the effect that Lynch committed perjury on the advice of forming City Magistrate Henry A. Brann, now in private practice. At the trial of Parks for extortion, Joseph Plentz, a contracter, testified that he paid \$200 in Lynch's office for calling off a strike. Lynch denied this on the stand.

SYNDICATE BUYS RANCH IN THE SOUTH.

LOS ANGELES, Cal., October 23.—The George K. Porter ranch, comprising 16,450 acres in the San Bernardino valley, has been purchased by a syndicate of Los Angeles capitalists for \$155,750. This is at the rate of \$35 per acre.

The persons composing the syndicate are E. H. Harriman, H. E. Huntington, A. B. Hammond, W. G. Kerckhoff, General H. G. Olin, J. F. Sartori, George C. Hart, E. T. Beall and George K. Porter.

The ranch lies about sixteen miles northwest of this city. It comprises the north half of the San Bernardino valley, and includes the town of San Fernando on the main line of the Southern Pacific railroad, and some of the finest fruit and farming lands to be found in this portion of the State.

SHE WILL PRACTICE LAW.

GABRIELLE STEWART

NEW YORK, Oct. 23.—Miss Gabrielle Stewart, after a successful effort in the Ohio courts, will put out her shingle in Gotham. The pretty, clever and accomplished Ohioan, who was in Washington during the McKinley administration, is a great granddaughter of Lord Mansfield, the distinguished English jurist.

TWO CARS LEAVE YOUNG MAN GOES THE TRACK. WRONG.

BROADGAUGE TRAIN DELAYED BY ACCIDENT IN EAST OAKLAND.

HE WAS WORKING WITH THE ENDEAVORERS AT SAN DIEGO.

This morning, when the first train on the broad-gauge local service of the Southern Pacific Railroad Company was approaching Clinton station, the two last cars jumped the track at a frog and bumped over the ties for a short distance, when the train was brought to a stand.

It was apparent that some time would be required to replace the derailed coaches on the track. They were accordingly deserted by their passengers who took possession of the cars which remained on the rails and which then continued on their way to the mole.

As a consequence of the derailment, the succeeding trip had to be abandoned.

In the meantime, however, the obstructing cars off the track were again restored to the rails and traffic was resumed.

WILL REQUIRE LESS MONEY.

WASHINGTON, Oct. 23.—The Secretary of the Interior has completed and forwarded to the Secretary of the Treasury his estimates of the appropriations necessary to conduct the affairs of the Interior Department for the fiscal year ending June 30, 1905. The estimates place the total requirement for the department at \$155,000,000, which is about \$3,000,000 less than the appropriation for the current year. The proposed reduction in the estimate of the appropriations for the Indian office, the sum of \$135,500,000, or \$2,000,000 less than the appropriation made for this year. There also is a cut of \$1,500,000 in the estimate for the Indian bureau. The estimate for the expenses of conducting the affairs of the five civilized tribes of Indians is \$23,500. The reduction in pensions is due to a calculation of deaths of pensioners made by the commissioner of pensions.

FURTHER TROUBLE NOT ANTICIPATED.

PITTSBURGH, Pa., October 23.—The financial atmosphere of Pittsburgh has been cleared and no further bank troubles are looked for. The official announcement made yesterday by the clearing-house association that \$2,500,000 had been raised, that the fund would be increased to \$3,000,000 to meet whatever emergency may arise, and that so far as the association could ascertain none of the banks in the vicinity of Pittsburgh would require assistance, has had the effect of allaying all uneasiness. In addition to this emergency fund, \$200,000 has been received by James W. Patterson, president of the Pittsburgh, Carnegie and Western railroad, for immediate deposit in anticipation of the improvements under construction here for the Wabash railroad.

REPORT WAS UNFOUNDED.

LORETT, Pa., October 23.—Mrs. Charles M. Schwab, in an interview today, personally assured a representative of the Associated Press that the report sent out from New York and Altoona last night of her suffering from apoplexy was unfounded.

MAYOR OLNEY TALKS OF ROBBERY.

Lively Correspondence Between the City's Executive and Public Administrator Gray.

The following correspondence explains itself:

MAYOR WAS SURPRISED.

Oakland, Cal., October 17, 1903.

George Gray Esq., Oakland, Cal.—Dear Sir: It was with surprise and great regret that I saw in the newspapers that you have applied for letters of administration upon the estate of Dr. Bushrod James. Dr. James showed his affection for the city of Oakland by devising to it his tract of land for a public park. He was not a resident of this State and had no other property here, and the city of Oakland is the only party interested in California in his estate. By the will the title to the land, under our code, passes direct to the city of Oakland so that it is the owner of it. But in order to have it appear of record that the title has passed from Dr. James to the city of Oakland, it is necessary that his will should be probated. Therefore, the Mayor and the City Attorney, as representatives of the city, have petitioned for the probate of the will and the issuance of letters of administration with the will annexed. By this means the title of the city will be made straight on the records without cost, except the necessary court fees.

It is not right for you to demand administrator's fees, attorney's fees, etc., when your services are not needed nor wanted. I hope you will reconsider this matter and come to the conclusion to withdraw your application and allow the only party interested to manage this business. I appeal to you on behalf of the public, your constituents, which has elected you to the office you hold. This case occupies entirely different grounds from any other that I know of in this city. In this, that it is the public that is alone interested and its rights should be respected by every good citizen. Please let me hear from you at your earliest convenience in the matter. Trusting that you will see it to be your duty as a public spirited citizen to withdraw your application. I am, truly yours,

"WARREN OLNEY, Mayor."

GRAY'S REPLY.

Oakland, Cal., October 17, 1903.

Warren Olney Esq., Mayor of the City of Oakland, Cal.—Dear Sir:—Your letter of this date, directed to Mr. George Gray, Public Administrator, was duly received at this office, and its contents have been carefully noted.

Your first expression is that you are surprised and that you regret that you saw in the newspapers that Mr. Gray had applied for letters upon the estate of Dr. Bushrod James. It seems only fair

TRUSTY MAKES TOOK UNION'S FUNDS. ESCAPE.

GOT OUT OF SAN FRANCISCO PRISON BY MEANS OF A ROPE.

WARRANT OUT FOR A TREASURER IN SAN FRANCISCO.

SAN FRANCISCO, Oct. 23.—Andrew Metzinger, a trusty at the City Prison, serving a term of one year for larceny, made a sensational escape from the city prison early this morning.

He made a rope out of torn strips of blanket and lowered himself well down to the third story of the Hall of Justice, landing on a window sill. He opened the window and walked, unobserved, down stairs and out of the building. He has not been recaptured.

ZIONISTS VISITED MANY HOUSES.

NEW YORK, October 23.—At least 150 members of Dowle's "army" left today on a special train of five coaches over the West Shore railroad for Zion City, Ill.

According to Deacon Newcomb, the Zionists were bound for Zion because others wished to come to New York. While the excursionists were looking after the excursionists at Weehawken, Dowle was left almost alone to conduct the early morning service at the garden.

In talking of the visitation work done here by the "host," he said that 15,000 houses were visited yesterday. Estimating that each house contained about eight persons, he said that 60,000 persons had received the "Divine" message.

STRUCK WITH A FLYING LEVER.

SAN FRANCISCO, October 23.—While helping to move a house this morning, William Murphy was fatally injured by being struck with the flying lever of a windlass.

DIED IN HOSPITAL.

PERSONAL AND SOCIAL

EVENTS THAT ARE TAKING UP THE ATTENTION OF THE SOCIAL SET.

The prettiest pink luncheon of the week was given by Mrs. F. C. Watson this afternoon in honor of Mrs. T. Loren Pease (nee Gage). Pink sweet peas with just enough delicate green maiden hair, proved to be an ideal decoration. After luncheon the guests lingered to play "five hundred." Those who participated were: Mrs. J. Loren Pease, Mrs. George Galla, Mrs. E. J. Cotton, Mrs. Louise Alexander, Mrs. James Tyson, Mrs. Roy Mauvais, Mrs. Lee Cole Burnham, Mrs. Willard Williamson, Miss Caroline Nicholson, Miss Belle Nicholson, A. Long, Miss Bertha Young, Mrs. May Young, Mrs. F. B. Morse, Mrs. A. F. Lar-

TOOK A STRAW VOTE.

Interesting Experiment in a Restaurant.

An advertising agent, representing a prominent New York magazine, while on a recent western trip was dining one evening in a Pittsburgh restaurant.

While waiting for his order he glanced over his newspaper and noticed the advertisement of a well-known dyspepsia preparation. Stuart's Dyspepsia Tablets; as he himself was a regular user of the tablets he began speculating as to how many of the other diners in the dining room were also friends of the popular remedy for indigestion.

He says: "I counted twenty-three men at the tables and in the hotel office I took the trouble to interview them and was surprised to learn that nine out of ten had taken a practice of taking one or two of Stuart's Dyspepsia Tablets after each meal."

"One of them told me he had suffered so much from stomach trouble that at one time he had been obliged to quit the road, but since using Stuart's Dyspepsia Tablets had been entirely free from indigestion, but he continued their use, especially while traveling, on account of irregularity in meals and because like all traveling men he was often obliged to eat what he could get and not what he wanted."

"Another who looked the picture of health, said he never ate a meal without taking a Stuart Tablet afterward because he could eat what he pleased and when he pleased without fear of a sleepless night or any other trouble."

"Still another used them because he was subject to gas on the stomach, causing pressure on heart and lungs, shortness of breath and distress in chest, which he no longer experienced since using the tablets regularly."

"Another claimed that Stuart's Dyspepsia Tablets was the only safe remedy he had ever found for four stomach and acid. He had formerly used common soda to relieve the trouble, but the tablets were much better and safer to use."

After smoking, drinking or other excesses which weaken the digestive organs, nothing restores the stomach to a healthy, wholesome condition so effectively as Stuart's Tablets.

WEDDING SURPRISES FRIENDS.

Miss Grace M. Tipson and Ralph S. Cole, whose wedding date was set for next Christmas, have surprised their friends by the announcement of their marriage, which took place about four weeks ago. On September 20, the young couple went quietly to San Rafael where the license was procured, and where, a little later, Rev. W. J. Alderson, pastor of the First Presbyterian Church of that city, united them in marriage.

The young couple are residing temporarily in the home of the bride's mother, Mrs. W. A. Tipson, 615 Eighteenth street.

MARRIED IN OAKLAND.

Emma E. Dotson and James H. Robinson, residents of San Francisco, were married in this city last night. The ceremony took place at the Hotel Metropole by Police Judge Mortimer Smith. Robinson applied for his license in Oakland and asked that it be sent to his office in the Parrott Building, San Francisco. He gave his age as 32 and that of his bride as 33.

HALLOWEEN PARTY.

Halloween and Jack-o'-lanterns are coming next week and the first party on the list belongs to Miss Luella Mauvais. Saturday night, October 31, she will entertain a number of her young friends at the home of her sister, Mrs. F. C. Watson. Miss Luella is a charming little hostess and the younger set is anticipating an evening, both of unique and pleasant. Those invited are: Misses Agnes, Helen, Edith Beck, Bessie Reed, Carolyn, Eleanor Landers, Charlotte Votter, Madeline Todd, Beth Howard, Hazel Palmer, Fay Thompson, Alice Hoyt, Miriam, Tukey, Eleanor Flagg, Gertrude, Norma Humphred, Margaret Nelson, and Misses Frank Isaacs, Frank Harrison, Francis Cahill, Spencer Cahill, Herbert Seham, Franklin Bangs, Ralph Elch, Harold Oliver, Leslie Oliver, William Kivland, Stephen Gage, Ellis de Golla, Arthur Bunting, Howard Bunting, Edwin Humphred, Curtis Hayden.

MRS. HUBBARD'S PARTY.

Mrs. William Hubbard's card party next week will have as guest of honor the bride's mother, Mrs. E. M. Smith of Boston.

MISS CRELLIN'S LUNCHEON.

Miss Crellin's luncheon yesterday afternoon was a unique affair. In green and white, white carnations nodded everywhere and seemed from between the delicate, asparagus ferns. The guests of honor were Miss Jacqueline Moore and Edna Barry. Those invited were May George, Edith Beck, Bessie Reed, Carolyn Palmer, Lucretia Reed, Carolyn, Elsie Everson, Carolyn Oliver, Mollie Maher, Claire Chabot, Jane Crellin, Jean Dooney and Ethel Crellin.

CHOIR REHEARSING.

The choir of the Congregational Church is rehearsing for its Thanksgiving concert.

GONE TO ARIZONA.

Luther F. Swain, a well-known and popular young man of East Oakland, after a flying visit of one week to see his mother and father, has returned to Arizona. His youngest sister, Miss Swain of 1505 Tenth avenue, has returned with him to Nogales, where she will spend the winter.

HOME WEDDING.

A wedding of interest to Oakland people in that of Miss Lizzie M. Smith and W. Harry Campbell, formerly of Dayton, O., which took place at the residence of the bride's mother, Mrs. E. M. Smith of 128 Webster street. The bride was charming in an imported creation of white silk elaborated with pearls. She was attended by her sister, Miss Josie Smith, in delicate pink crepe de chine and carrying pink carnations. Immediately before the ceremony the strains of "Lohengrin" filled the spacious room. The bride was given into the groom's keeping by her brother, Frank

Smith, the Rev. J. K. McLean officiating. The best man was Fred L. Thomas of San Jose, and Fred Lipman of San Francisco and J. Novas Hubbard acted as ushers.

The bride is a daughter of the late B. F. Smith, capitalist, and the groom is at present interested in oil fields. After an extended trip through the South, they will take up their pretty home at 268 Tenth street.

ALLEN-MILLER WEDDING.

The wedding of Miss Mattie Miller and T. A. Allen, which took place this week at the home of the bride's parents, Mr. and Mrs. C. F. Miller, 1073 Sixteenth street, was an interesting one to many people on both sides of the bay.

Mr. Allen is a son of Roadmaster Allen of Nevada, and is associated with the Southern Pacific Company at Wells, Nev., where the young people will make their home.

STOCKING SOCIAL.

This evening a stocking social is to take place in the parlors of the Unitarian Church. It is to be a unique affair, and the first of its kind to be given in Oakland.

BIRTHDAY SURPRISE.

On Tuesday evening of this week W. H. Harber of 1045 Fifty-sixth street, was given a surprise in honor of the anniversary of his birthday.

About eighty-one guests were present, many of whom are members of the Christian Endeavor societies of Golden Gate and Emeryville.

MISS CONKLIN'S PARTY.

Miss Alice Conklin's card party yesterday afternoon was an artistic proof that a decoration of cosmos is grace indeed. The guests that took part in the game of five hundred were: Misses Carolyn and Anita Oliver, Miss Christine Taft, Miss Jane Rawlings, Misses Jane and Ethel Ford, Miss Irene Ennes, Miss "Bessie" Pittmore, Miss Edith Gaskill, Miss Edith

RECEPTION DAY.

This afternoon was Mrs. Edmund Baker's (nee Klittraga) reception day in San Francisco. Many Oakland people attended.

OAKLAND CLUE

The annual breakfast of the Oakland Club was one of the most enjoyable affairs of the season, about thirty guests being present.

Invitations were sent to the presidents of many clubs about the bay with which they are affiliated in the celebration of clubs had local council of women, and nearly everyone responded.

The speakers were introduced by Mrs. Julia Staehli. She made the happy remarks, congratulating the club upon the joyful feeling expressed between the clubs represented, and in turn called upon the following ladies: The California Club was represented by its president, Mrs. George Law Smith; the Outdoor League, Mrs. Passet, who spoke on "The Saving of Telegraph Hill."

Laura Hall was represented by Mrs. J. M. Pierce, who spoke on "The Cornucopia Woman"; the Adelpheia Club, its president, Mrs. Anna Samuels; the Ethel, Mrs. C. F. Cooke; and G. W. by its president, Mrs. F. M. Wilson, subject, "Progress"; California Women's Suffrage Association by Mrs. Austin Perry; Colorado Club by Mrs. Robert Allen; the president of the Oakland Club, Mrs. G. W. Bunnell, subject, "Bird, More Bread."

The standard already established by women for after-dinner speeches was more than maintained, for every woman was a credit to herself and the club she represented.

GONE TO NAPA.

Mrs. R. A. Gray and Mrs. C. B. Cooke left this morning for a stay of a week or two at Napa.

UNITY CLUB.

George E. Evans, former president of the Unity Club, gave a very interesting talk to his old club friends last Tuesday evening. Mr. Evans has just returned from a hunting trip in Trinity and Teahua counties and all his rags were stopped to hear him detail the experiences of the trip. His address was well

named "Snap-shots of the Chase," and as evidence of the liberality of his tale he holds two skins of California lions which crossed his path. George Frank of this city and George Eaton of Tehama share in the glory of the trip. They had many compliments for their dog, Brynna, who ably assisted in treading the game. Two out of the family of six lions were killed and their skins are the trophy of the trip.

GOES EAST.

Harry Chickering leaves for the East in a few days, after a brief visit in Oakland. He has been busy for some time past in the Tonopah region about his father's business interests there.

MISS ALLEN'S AFFAIR.

Friday, October 30, Miss Gertrude Allen will entertain, with Miss Irene Bangs as guest of honor.

MRS. HILL AT HOME.

Mr. and Mrs. Edward Hill will be at home to their friends in the art studio after a month's absence due to the advent of a little son.

PERSONALS.

Mr. and Mrs. Frederick F. Stratton are at the Hotel Potter, Santa Barbara.

Mrs. W. J. Payne is a guest at the State House Hotel, Sacramento.

Dr. J. T. Rohm of Sacramento was in this city recently on a brief visit.

Miss Emma Annand of Colusa is visiting in Berkeley.

Mrs. G. R. Williams are in Los Angeles, guests at the Hollenbeck Hotel.

Mr. and Mrs. T. Foster are guests at the Nadeau Hotel, Los Angeles.

C. N. Blackburn of Woodland visited in Oakland recently.

Mr. and Mrs. James Baisden have returned to their home in Colusa after a three weeks' visit in Oakland and San Francisco.

Mr. and Mrs. F. S. Smith of Alameda are in Los Angeles, guests at the Roslyn Hotel.

Prices slaughtered, Sheriff sale, 869 Broadway.

ORGAN RECITAL TONIGHT.

There will be an organ recital at the Union Street Presbyterian Church tonight. Miss De Fremery, organist of the First Presbyterian Church, will give several solos on the new organ. Mrs. R. J. Bradley and Mrs. J. E. Whitehead will each render a vocal solo. During the month of November a male choir of about 50 voices will furnish the music for Sunday evening services.

SUFFRAGISTS WILL MEET TOMORROW.

The suffragists of Alameda county are busy with the final preparations for their annual convention, which opens at 10 o'clock on Saturday morning at the rooms of the Oakland Club, 415 Seventeenth street. The morning session will be devoted to reports of auxiliary clubs and the election of officers, with discussion of a plan of work for the coming year.

The afternoon session opens promptly at 2 o'clock. Miss Gail Laughlin of New York being the first speaker. Miss Laughlin's reputation as an orator has preceded her across the continent, and a great deal of interest is manifested in this, her first public appearance in California. Her subject will be "The Open Door."

Another address, which is anticipated with interest, is that of Mayor Glavin. In a recent talk before the "Ball Society," he expressed the opinion that the women of Oakland did not already possess the ballot, in order that they might have more effective aid in the new campaign.

There will be a violin solo by Miss Ida Fox, songs by Mrs. Wasley and recitations by Mrs. Grant Miller. The sessions of the convention are open to all who are interested.

Mrs. Emma Shafter Howard has long been devoted to the principles of woman suffrage and has manifested her devotedness in practical ways. Through her generosity several Californians have been made life-members of the National American Woman Suffrage Association. Of these, the suffragists are very proud of the name of David Starr Jordan, president of Stanford University. The other life-members from California, beside Mrs. Howard, are Mabel Craft Deering and her husband, Frank P. Deering, Albert H. Elliot, Karl Howard, David Shafter Howard, Miss Florida Jewett and Miss Lillie J. Martin of the San Francisco School Department.

Mary Wood Swift, president of the National Council of Women, E. Pauline, Mary E. F. Gould, Miss Clara Sealing, Mabel Craft Deering and Miss Carrie A. Wiclan.

Mr. and Mrs. George W. Catt, both well-known in Oakland, have recently returned from a two months' vacation abroad. Mrs. Catt is the president of the National American Woman Suffrage Association.

Prices slaughtered, Sheriff sale, 869 Broadway.

DISTURBED FUSIONIST MEETING.

NEW YORK, October 13.—Fusionist campaign orators have had a rough experience while trying to deliver open air speeches in avenue A, on the lower East side. From the tiff end of a truck when after repeated interruptions, some person dropped from a window high above a paper bag of good size. The bag contained water and it struck the orator's silk hat nearly in the middle. So it was crown. Of course, the bag exploded and he had a dozen attending speakers ranged about the temporary rostrum received a shower bath.

Apparently the deluge was a signal for general action and missiles were toward the truck from all sides. No one was hurt, but efforts to propagate fusion ideas were bound to be postponed. The speakers moved on a few blocks and held

a large meeting without further interruption.

KING GIVES A MASCOT.

YORK, Pa., October 23.—A greyhound from the royal kennels of King Edward of England has been received by the Royal Film Company of this city. The greyhound, to the King's secretary some time ago asking for a dog as a mascot. They are immensely pleased over the result.

Defy the fog

—defy everything

It would seem as if everybody in Oakland were coughing these last two mornings. The fog gets into their lungs and the mischief is done. Now a fog is nothing unnatural—there have always been fogs and always will be. But there is no reason why they should threaten your health.

If your great motive power—the blood, be in perfect condition, you need never take cold. If you exercise very ordinary common sense, water will not just a well-kept, well-oiled machine. It will wreck an ill-kept, exposed machine. Apply this principle to yourself. Protect yourself from all passing dangers, such as fog, weather changes and the like, of maintaining a perfectly healthy condition.

CONVICT KILLED BY THE GUARDS.

He Made a Break for Liberty and Was Shot Down at Folsom Prison.

SACRAMENTO, Oct. 23.—A special message to the Bee from Folsom Prison this afternoon states that at 2:20 o'clock a second-terminer named E. Manuel was shot by the guards and killed while attempting to escape. Manuel was discovered yesterday with opium in his possession and was placed in the dungeon. He was removed this morning by the officers to point out the locality where other opium was stored. He had passed

PRISONERS WILL GO FREE.

DECISION OF COURT WILL LET OUT ONE HUNDRED CONVICTS.

JACKSON, Mich., Oct. 23.—Under a decision handed down today by the State Supreme Court, nearly one hundred prisoners in the prison here will be released at once. John Harney, a prisoner under a ten-years' sentence for burglary, should have been released some weeks ago if allowed his "good time" but the prison officials claimed that he was a third-terminer and not entitled to "good time." Harney carried the case to the Supreme Court, where it was held that the sentences Harney had served in the State reformatory for assault and battery should not be reckoned against him in deciding his claim for "good time." The Supreme Court coincided with his view. The decisions will give a number of other convicts good time claimed that he was a third-terminer and result, the prison officials say, in

FERRYBOAT CRASHES INTO APRON.

The opening of the San Francisco, Oakland and San Jose ferry system at Emeryville may have to be postponed, as a result of a serious accident

the quarry and had reached the hill where the famous Sontag break occurred when he made a dash for liberty up the hill. He had gone 75 yards when he was fired upon by several guards at once. He dropped dead in his tracks. Manuel was sent from Madera county for nine years for perjury. His term would have expired in 1904. Two years credits were recently taken from him for having opium in his possession.

The new ferry boat made the trip across the bay safely yesterday but when it reached slip No. 3 at the ferry station at the foot of Market street, it ran into the apron which the boat had neglected to raise. Heavy planks were torn out, stringers broken, steel rods twisted and bent and the machinery disarranged generally. However, the steamer was well protected with bumpers and escaped without much injury.

The men at work on the ferry station platform state that the steamer came with too high a speed, and that even if the apron had been up, much damage would have been done just the same. Harbor Engineer Norton states that it will take at least a week to make the necessary repairs. A rough estimate of the cost of repairs to the ferry slip damaged by the Yerba Buena is \$1000.

HE PASSED A BOGUS CHECK.

SAN FRANCISCO, Oct. 23.—Police Judge Cabanis today issued a warrant for the arrest of G. E. Weller on the charge of uttering a fictitious check, and he was immediately booked at the City Prison. Weller was brought back from Los Angeles by Detective Whitaker on complaint of three local firms, who stated that worthless checks had been passed on them. This morning J. C. Diehl swore to a complaint charging Weller with having passed a fictitious check for \$30 on the California Savings Deposit & Trust Company.

CARRIED A RIFLE IN HAND.

Police Feared a Teamster Meant to Do Harm.

SAN FRANCISCO, Oct. 23.—William W. Holland, formerly a teamster at the Alms house, got himself into serious trouble by appearing in Golden Gate Park in the vicinity of Chief Engineer Saville's house, armed with a Krag-Jorgensen rifle.

Policemen Thompson and Leonard of the park police followed Holland from a point about a mile away and, seeing that he was making for Engineer Saville's house, they kept upon his tracks. They feared that he intended the members of the Saville household, because the latter had him arrested some time ago for acting in an improper manner.

Holland swore revenge, and last Sunday when he appeared in front of the Saville household armed with the rifle they immediately took him into custody and lodged him in the city prison.

DO NOT FEAR A WAR.

PARIS, October 23.—The Japanese legation here and the French foreign office do not believe that war between Russia and Japan is imminent. They say the negotiations continue and they predict a peaceful termination of the conferences at Tokyo.

WILL HAVE NEW FIRE HOME.

Linda Vista Terrace is to have a new fire engine house for the protection of the residents in that locality who have already purchased a site for the new structure, the plans for which they will prepare themselves in order that the same may harmonize with the surroundings. The city authorities have agreed to furnish the engine and the actual cost of the construction of the building.

The city of Oakland now has in its possession two new combined chemical engines. It was decided that one should be given for the protection of Linda Vista Terrace as that locality is so thickly built up with handsome residences with no fire protection, but the authorities were confronted with a shortage in the city treasury. It was then that the matter of purchasing a site for the new structure came up. Councilman Pendleton, who represents this section in the City Council, suggested that the residents "on the hill" purchase a site and let the fire engine house and the city would furnish the engine and the money for the structure.

Robbed the Grave.
A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters. To my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents. Guaranteed at Osgood Bros., Drugists, Seventh street and Broadway."

Oakland, Cal., Oct. 23, 1903.
To C. J. Keeseman, 1107 Washington Street, City—Dear Sir: I have such a strange request to make of you, and you will laugh at me I know but I just can't help it. I am going to ask you to stop advertising your Overcoats in the Oakland papers—My husband just talks overcoats in his sleep and I can't stand it any longer—he reads all your ads and so do I—but we can't buy an Overcoat just yet, although my husband needs one badly. Hoping you will grant my request. I remain yours very truly,
MRS. —

P. S.—Mr. — just came home and brought a lovely coat with him. He says he saw the garment in your window and just couldn't stand it any longer so he bought one and I guess now we will have a little rest. Sorry to have troubled you but I just couldn't help it.

The police, while stating that they thought they had sufficient evidence to hold him were unable to get any one to swear to a complaint and when Judge Ogden today there was nothing for the court to do but order his release.

The District Attorney was unwilling in view of the circumstances, to make the complaint as there was only a slight probability of getting a conviction.

HIGH SCHOOLS TO MEET.

BERKELEY AND OAKLAND PLAY FOR LEAGUE HONORS TOMORROW.

Tomorrow afternoon the football teams of the Oakland and Berkeley High Schools will meet on the gridiron at Idora Park to decide the championship of the Western Sub-League. The game promises to be a hard and fierce struggle between the two teams as both have strong lines with some of the best backs to be found in any preparatory school football team. There are such men as Locke, Davis, Snowden and Bramhall of Oakland, and Kerr, Wilcher and Kruse of Berkeley, in the game and the fact that they are to play has lent added enthusiasm an interest to the meeting.

A peculiar incident in the line-up of the two teams is the fact that one of the present Berkeley team played with Oakland last year. There has always been considerable rivalry between the two schools and this year it is shown more than ever. The outcome of the contest tomorrow will be watched with much interest for the winner will stand a fair chance of winning the championship of the State league. The players of the Eastern, Northern and Western Sub-League will settle the supremacy in San Francisco and hope the winner of the Oakland-Berkeley game has a good chance to win the State championship.

NATIONAL LEAGUE PITCHER IS BLINDED.

ST. LOUIS, Oct. 22.—James Hackett, the St. Louis National League pitcher, has lost the sight of his left eye from a poison contracted while in the service and the attending physician fears that the other eye is affected and that it may be permanently impaired.

Hackett brushed his hand against a pole on a city street and was struck in the eye. The accident will mean his retirement from the game. Hackett came here from Terre Haute, Ind.

YOU

would find Collins' Drug Store the best place to buy drugs, medicine and toilet articles if you would just give them a trial. You would find the quality so good and the price so low that you would surely be pleased. You would find the prices on patent medicines so low that you would wonder why you had bought all your medicines of them. And it is the matter of toilet articles, brushes, combs, mirrors, soaps and perfumes that is the real attraction. You will convince you that they carry the largest stock of the goods at the lowest prices of any store in Oakland. Here are a few prices—the quality of these articles must be seen to be appreciated.

MIRRORES
Stand Mirror for shaving or hair dressing where both hands are made with enameled backs, polished frames and the best quality of French plate glass, giving a perfect reflection without distortion.
Price 10c up to \$5.00 Each

HAIR BRUSHES
We have made hair brushes a study for years and know a good brush from a poor one. As a result our trays are filled with good brushes, and we think we can suit you as to price, for they range from 25c Each up to \$5.00

TOOTH BRUSHES
These must be bought with more care than a hair brush, as they are liable to shed their bristles if poor brushes and injure the throat. Our 25c brushes do not shed their bristles. We warrant them to last for years and if you are not satisfied we give you a new brush. We carry tooth brushes from 25c each.

COMBS
There are combs that seem to split and tear the hair—perhaps you have one of them. They are not made right. If you will not be choosy about a comb for you will glide through the hair smoothly and the comb will not break. 100 Extra heavy combs as high as \$1.00 each.

TOILET SOAPS
It isn't always the high-priced, scented, finely grained cake of soap that is best for the skin. We have a soap at 10c a cake that will cleanse better and leave the skin smoother, softer and more refreshed than many a soap costing 25c a cake. We have over 100 different kinds of toilet soaps to choose from and no doubt carry the very soap you always use, and it may be at a price less than you have been paying.

Cuticura Soap...15c cake
Pearl's Soap...15c cake
Pearl's Glycerine Soap...15c cake
Pearl's No. 1 Soap...25c cake
Pearl's No. 2 Soap...40c cake
Pearl's Oatmeal Soap...50c cake
Rogers & Gallet Soap, all odors...85c box
Cashmere Scented Soap...15c and 25c cake
Lena Oil...Complexion Soap...25c box
Dr. Rusbach's...25c box

PERFUMES
We want you to see our perfume case and test some of the new perfumes that have created a furore in the East. Du Barry, Locust Blossom, Diana, Duetville, Pink Pinks and Golf Queen are the latest and we sell them all at cut prices. Sample bottles 7c.

We carry fifteen different odors in Rogers & Gallet's bulk extracts at 75c per ounce. Sample bottles 10c each.
It will pay you well to trade at Oakland's Leading Toilet Article Store.

1218 AND WASHINGTON STREETS

BOTH ARE HARD FIGHTERS.

WEINIG AND MILLETT HAVE GOOD REPUTATIONS TO BACK THEM.

The fight fans of Oakland are quite highly elated over the prospects of seeing a first-class heavy battle in this city next Tuesday evening, when Joe Millett and Al Weinig don the gloves for a fifteen-round contest under the auspices of the Reliance Athletic Club. All of the contests held so far have been light weight affairs and the club showed good judgment in giving the fans a chance.

While Weinig and Millett are not very well known in these parts, they are nevertheless fighters who rank with the best at their weight and they will put up a contest the like of which has never been seen in Oakland. Weinig hails from Buffalo and has a large reputation in the East as a very clever light heavy weight. Early in his career he fought George Gardner and it took that worthy twelve rounds to put the Buffalo man down. He was defeated but not knocked out. Since then he has improved a great deal and in his present condition can give Gardner all he wants.

Weinig is one of the grittiest fighters in the business and never knows when he is beaten. He can assimilate a world of punishment and continue with a bulldog tenacity. He displayed these traits in his contest with Gardner. He was beaten almost insensate after the tenth round and was practically helpless. Gardner could not knock him out and finally Weinig's seconds threw up the sponge as it was no use prolonging the battle.

Joe Weinig, Millett, is little known in Oakland and not at all as a professional. Before migrating to Honolulu, where he turned professional, he did considerable boxing in amateur shows in San Francisco and defeated a number of the best men on the coast. Like all amateur contests, his were limited to four rounds each and he hardly had a chance to show what he could do.

In Honolulu he became a professional and met all comers. His success was universal and he disposed of fighters quickly and as fast as they came. He finally became the champion of the islands and all of the boxers in and out of his class fought shy of a contest with him. For the want of a match he came back to San Francisco about two months ago and his contest with Weinig next Tuesday will be his first professional contest on the coast.

Both men have trained hard for the contest and are in the pink of condition. George Brown and George Carter, who are to meet in the preliminary, have also been training consistently and are expected to put up a good fight. The curtain raiser will be a go-between Jack Evans and Fred Turner, colored.

LONG MAY MEET YANGER.

SALT LAKE PROMOTERS TRYING TO MATCH THEM FOR NOVEMBER.

SEATTLE, October 23.—Louis Long, the Oakland featherweight that gave Herrera, the Mexican, such a surprise at Vancouver last week has received an offer to meet Benny Yanger at Salt Lake in November.

Long proved in his battle with Herrera that he is a much better man than he has been given credit for. The amount of punishment he administered the Mexican and the effects of the same that showed on Herrera after the battle proved conclusively that Long will prove a dangerous man for Young Corbett to go against, if he cares to hold the championship without risk.

The manner in which Long broke through the Mexican's much touted guard showed he had plenty of steam behind his blows and places him on a higher scale than such men as Broad, called to even reach the Mexican's face.

From reports of those who were at the ring side the battle was of the rapid fire order from start to finish and Herrera had if anything a shade the worst of it at the end.

LABRADOR EXPLORER REPORTED LOST.

NEW YORK, October 23.—Leonidas Hubbard Jr., whom traders returning to St. Johns, N. F., from Labrador, report is lost in the Labrador wilderness is the assistant editor of Outing.

He left New York last July to explore the heart of Labrador. About ten weeks ago he started from Higloia, on the east coast of Labrador, with a Cree Indian guide and one white companion. They were to travel by canoe and on foot through an entirely unknown country to the George river, along which the last tribe of primitive North American Indians gather at this time of the year to kill caribou. This point is seven hundred miles beyond the last Hudson Bay Company's post. No white man has ever penetrated as far as Mr. Hubbard intended to go.

Regarding Mr. Hubbard's disappearance, Caspar Whitney, editor of Outing said: "I think there is more sensation than fact in the report of Mr. Hubbard being lost. I have every confidence that Mr. Hubbard will come out safely and very soon."

Mr. Hubbard is 30 years old.

Pete Lehman's bunch of ball players had another dose of hard luck, which seems to have fallen to their portion quite regularly this season, yesterday afternoon, and lost the game to Sacramento by a 4 to 3 score. The cause of the loss is directly attributable to Casey, who guards the second station for the Senators, and he committed the crime of highway robbery in the last half of the ninth inning. The Senators were getting along nicely with Young Keefe's curves and had Martinke and Messerly on base when Maskiman batted a fierce one towards Keefe. The latter, in his effort to avoid it, deflected it towards Eagan. The shortstop juggled the ball and fell all over himself. Casey rushed to him, grabbed the ball and slid back to second in time to catch Messerly, who was lumbering to second. This play robbed Oakland of a chance to tie the score.

San Francisco lost its eighth consecutive game yesterday when Portland took its measure in a five to four argument. Irwin led his star pitcher, Jimmy Whalen, on the delivery end but he could not stop the Browns. The latter did not bat James so very hard, but they hit when runs were needed and won out in the ninth inning with the 4 to 2 against them. Shields kept the hits well scattered.

Seattle defeated Los Angeles yesterday afternoon by a score of 7 to 4 and by doing so, broke the record for consecutive wins. Seattle has now won sixteen straight games. For the first five innings it looked as if Wilson's men would be shut out as Hall was pitching splendid ball, but in the sixth and seventh innings the Sivashees made six runs and added one more in the eighth, while Hughes held the leaders down to goose eggs.

Visiting ball players complain that they can never win a ball game in Seattle at this season of the year as long as the grounds are situated as they are. At this season of the year the sun is so low that it is in the eyes of the pitcher, first and second basemen, right and center fielders, making it very hard for them. The Seattle players are accustomed to it, and furthermore wear smoked glasses so that the sun does not bother them. Mike Fisher has made the prediction that the leaders will not win a game from Seattle in this series on that account.

KILLED A CHILD.

BETHEL, Maine, Oct. 23.—Beulah York, a farmer's daughter, aged 15, was shot and killed last night by John Green, who then blew off his own head. Green was a laborer on the York farm. He was 30 years old and is said to have been acquainted with the girl, who had refused to accept him.

PERFECT SCORE MADE.

ARTHUR THORPE ESTABLISHES NEW COAST RECORD FOR TEN PINS.

Yesterday morning in a friendly second game with Fred Downing, Arthur Thorpe of the Eugene team accomplished a notable feat which places him eminently prominent before the net of all enthusiastic bowlers. He made a perfect score and thereby gained for himself a record the equal of which has never been made previously in the West and very few times in America.

This 300 score was made in twelve consecutive strikes reeled off under somewhat adverse circumstances. The alley while not absolutely strange to Thorpe, was unfamiliar and the ball he used was not his favorite one. However, there was not a "bucky" shot in the twelve and the entire frame collapsed as every ball rolled true into the head pin.

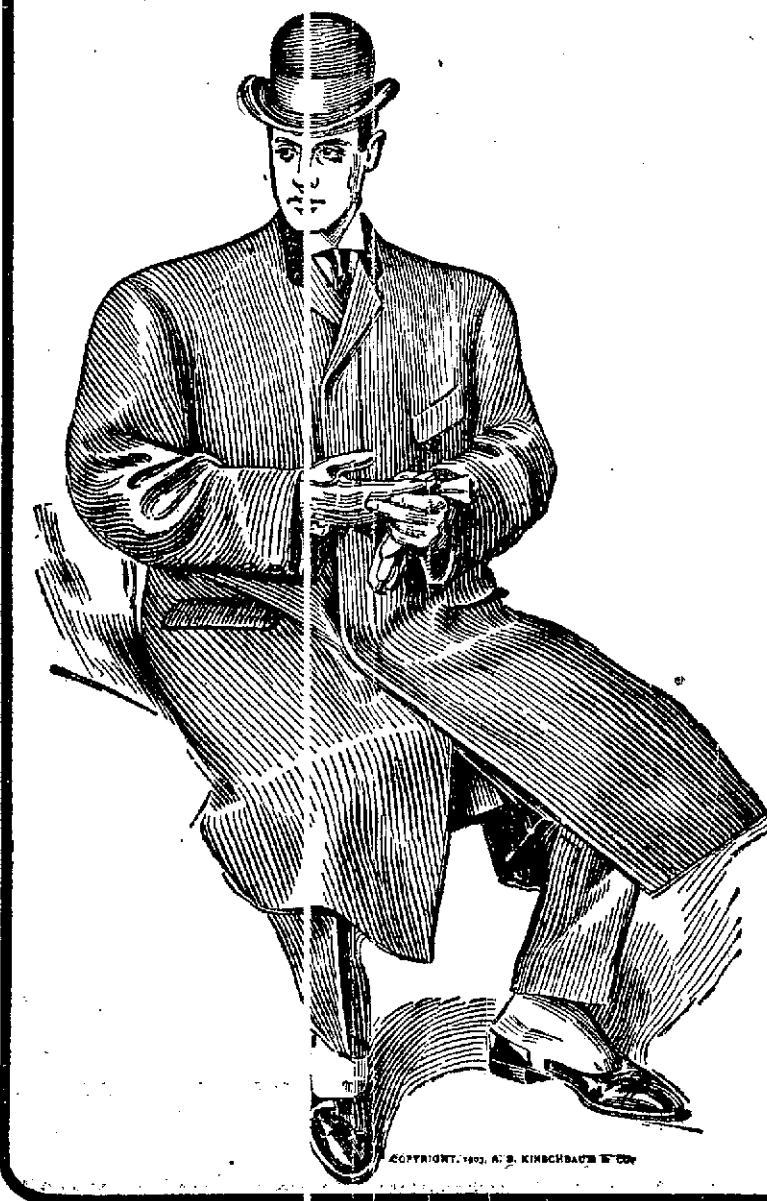

A year ago in the Coleman Alloys in Los Angeles "Doc" McGrath made the nearest approach to the 300 score, making eleven strikes, resulting in three pins remaining and a total of 287.

Prices slaughtered, Sheriff sale, 809 Broadway.

MUNROE. CHAMPION JEFFRIES WILL PAY NO MORE ATTENTION TO BUTTE MINER.

Champion James J. Jeffries is now in New York and on his arrival there he was interviewed regarding a possible match with Jack Munroe, the miner. Jeff was thoroughly disgusted and said that Munroe would have to fight his way up before he would be accommodated with a match with him. He said that the miner had a chance to meet him on the coast but backed out of it. He says he will pay no more attention to the Butte fighter for he believes that the miner will be knocked out by the first second-rate fighter he meets.

Jeffries took pains to inform his interrogator that there was no rupture between himself and Fitzsimmons and that they are as good friends as ever. He explains his failure to see the Cornishman in Chicago to the fact that he did not know he was in town. Jeff says Fitzsimmons will defeat Gardner next month with the greatest of ease.

LANKY BOB IS SPARRING FOR CHARITY

The eleventh annual benefit for the charity fund of the San Francisco Lodge of Theatrical Mechanical Association is being held at the Alhambra Theatre in San Francisco. The program consists of a number of musical and literary attractions and a four-round sparring exhibition. The latter is between Dave Barry and Bub Fitzsimmons. The latter attraction has attracted a large crowd to watch the exhibition.

GOOD TEMPLARS.
Doris Lodge, No. 213, I. O. G. T., will hold its regular meeting in Syndicate Hall, Thirteenth and Jefferson streets, this evening. All members are requested to attend, as there are candidates to be initiated. The lodge is growing in membership and interest in the order is on the increase. Doris Lodge will give a Japanese social in the near future.

RUSSIA TO CHARTER STEAMERS.
LONDON, October 23.—Advices from Tien Tsin say it is learned there that Russia is negotiating with a steamship company of Shanghai to charter steamers belonging to the company to run between Shanghai and Port Arthur, the government representing that the present volunteer fleet is not sufficient to carry on the traffic.

DISCUSTED WITH CHEMAWA INDIANS ARRIVE.

MUNROE. CHAMPION JEFFRIES WILL PAY NO MORE ATTENTION TO BUTTE MINER.

Fourteen stalwart looking young men arrived in Oakland yesterday and during the afternoon and today they attracted considerable attention on the streets. They compose the football eleven of the Chemawa Indian School and are matched to line up against the University of California varsity team tomorrow afternoon.

The Chemawa is composed of a husky bunch of fellows that look like football players in every respect. They are short and stocky in build and will average about 160 pounds. They have been coached by Saunders, a former Sherman Institute player, and it is claimed that they are as strong as last year's team which played a 0-0 game with the Rollins team. The Chemawa has not played any games this year for the reason that the season North does not open until much later than it does in California.

The Indian team is matched to play Berkeley on Saturday and Stanford next Wednesday. Now that they are here, they are trying to secure games with other teams and at present, the manager, E. D. Godwin, is negotiating with the managers of the University of Nevada, Rollins and other teams for games. If these can be arranged the team will remain here about two weeks. On the return trip they will stop at Redding and play a team from that town. Later in the season they will play two games in Vancouver and one in Portland with the Multnomah Athletic Club.

The line up of the visiting team is as follows: Right end, Smith; right tackle, Godwin; right guard, Young; center, Williams; left guard, Green; left tackle, Schilt; left end, Dyke; quarterback, Moon; or quarterback, right half, Bensell; left half, Decker or Davis; full back, Saunders.

AMUSEMENTS.

"The Stork" made its appearance at the Macdonough Theatre last night. The company is a very large one and the performance they give is one of the best seen in Oakland for a long time.

The music is catchy and the dancing unique. The costumes are handsome and expensive. The performance will be repeated this evening. The sale of seats is very large.

THE DEWEY.
The Dewey Theatre will open Sunday afternoon with the well-known drama: "Over Niagara Falls."

IDORA PARK.
Idora Park Theatre continues to draw large crowds with its vaudeville. NOVELTY THEATRE.

OAKLAND TRIBUNE
Tribune Publishing Company. William E. Dargis, President.

PATCHING BROKEN EGGS.

The Sacramento Chamber of Commerce has adopted a resolution requesting the Speaker to appoint Congressman Bell on the Rivers and Harbors Committee. These positions go by seniority of service in the House, and Mr. Bell is a new man. He has the further drawback of belonging to the minority party. It is very difficult for a Congressman to take an influential position when he first enters Congress; he must go through his probation as it were, and have his measure taken by the leaders on both sides of the House. If he be a member of the minority it is still more difficult to get to the front and command hearing.

The Second District committed the blunder of turning out a tried member in political accord with the President and the majority in both Houses in Congress to put in a new man. Without intending to disparage either Mr. Bell's abilities or intentions, it must be said that he is in no position to serve his constituents as effectively as his predecessor would. Mr. Combs had both prestige and experience, and had been reelected would have had the ear of the Speaker and the favor of the majority. His longer tenure of itself would have given him an advantage over a new man.

We trust the Sacramento Chamber of Commerce will succeed in placing Mr. Bell advantageously in the committee assignments, but it is not likely that any innovations will be made to favor him. It is not to be presumed that the established order of the House will be disturbed even to oblige so influential and important body as the Sacramento Chamber of Commerce. Doubtless the Speaker will be duly impressed by the resolutions requesting Mr. Bell's assignment to the Rivers and Harbors Committee, but he is likely to ask why the Second District turned out a good Congressman when it had one, if it desired to be effectively represented. Mr. Combs was a member of the Rivers and Harbors Committee, and in this Congress would have occupied a position of great influence. His successor must begin at the foot of the class.

LOW OCEAN FREIGHTS.

Grain charters from San Francisco to Europe are touching their lowest figure in the history of the port this season, the price for Liverpool charters falling as low as ten shillings. Yet there are many ships in the harbor swinging idly at their anchors, waiting for cargoes. This unfavorable condition is largely ascribed to the government bounty paid to French ships. France has taken the lead of all other countries in subsidizing her shipping. She pays a bounty for tonnage built, and pays another bounty for every mile sailed. This enables French ships to underbid the vessels of other nations for ocean freightage. French ships carry cargoes at an actual loss just to get the bounty. This system of subsidizing vessels for the ocean carrying trade has caused a multitude of barks to be built in French yards; and these barks are putting in an appearance at all the great ports, seeking long distance cargoes, where the mileage bounty will count for the most.

Ocean freight rates on slow tonnage are being beat down below the point of remuneration by these subsidized French barks, but the end is in sight, for France has discovered that in bankrupting the shipowners of other nations she is bankrupting herself. She cannot afford to pay her shipowners for carrying the cargoes of other nations at a loss, consequently a halt has been called. The bounty system is doomed, but the vessels built under its inspiration remain to plague their owners and disturb the business of ocean freighting. Having been called into being by abnormal conditions, they are still an abnormal factor in deep water transportation.

However, they have conferred some small benefit on this State by making the price of grain in San Francisco lighter than it would otherwise have been, for grain in San Francisco is worth what it will sell for in Liverpool minus the freight, insurance and handling charges.

The announcement that a new book by Professor Gayley of the State University has been published will be received with a groan by the parents of High School pupils. They know that it is another summons to dig down deeper in their jeans, for it may be assumed that Professor Gayley's new book will be added to the studies in the High Schools. But what are the High Schools for if not to add to the profits and perquisites of the University professors?

LONG AND THE PRESIDENT.

President Roosevelt will hardly pay any attention to the magazine articles being published by John D. Long, former Secretary of the Navy. That individual is not taken very seriously by the country at large, and his course in regard to Schley and Sampson has marked him as a man of small calibre and petty subterfuges. The contemptible manner in which he staked the cards against Schley in the court of inquiry matter has not been forgotten by the American public.

It is well understood that he has no love for the President, for it is an open secret that he retired from the cabinet because he was persona non grata with the executive. The President stands meanness and pettiness, and Long stands convicted of both. When Mr. Roosevelt was Assistant Secretary of the Navy, he had an opportunity to size up the two-by-four quality of statesmanship Mr. Long embodied. This accounts for Long's statement in a recently published article that the President, when Assistant Secretary of the Navy, was in favor of sending a fleet to Spain before war was declared.

Whether this be true or false, the President cannot enter into a controversy with a private citizen as to what occurred in the cabinet councils of President McKinley. Mr. Long has committed a grave indiscretion in presuming to give out to the public alleged advice given to Mr. McKinley by his constitutional advisers. He might excuse himself on the ground that Mr. Roosevelt was not a member of the cabinet, which would be technically true. But Mr. Roosevelt was necessarily included in cabinet councils, and was even more influential with the general public than Long himself. Whatever advice he offered possessed therefore the same inviolability as the advice offered by his nominal superior.

Mr. Long has therefore assumed the attitude of betraying cabinet secrets to do a characteristically ill turn to a man of whom he is jealous and against whom he bears such a grudge as cold, selfish natures cherish.

Those who scent danger in the liberties of America in the visit of the Andean and Honorable Artillery of London are apparently not aware of the hard won reputation the members of that famous organization have for being first at a feast and last at a fray. They are valiant trenchermen, but are otherwise men of peace.

It is assumed that Senator Beveridge was given a black eye in the Indianapolis election because the saloon element was downed.

The huge proportions of Mayor Schmitt's campaign fund gives prominence to the inquiry: "Where did he get it?"

ON ENGLISH ACCENT.

The hypercritical editor of the Alameda Argus takes a reporter to task for saying that a certain person spoke with a slight English accent. Our Alameda contemporary thinks this absurd in view of the fact that English is the mother tongue of the person alluded to. Nevertheless, the reporter was right, and clearly explained his meaning.

Americans, English, Irish and Scotch speak the same language, but all accent it differently. There is a peculiar intonation that is quite English you know, and which is laboriously cultivated by American Anglo-manics. The Cockney speech of London is the most barbarous dialect of the English language, and is quite distinct from the accent of the "better classmen."

The average Scotchman speaks no other language than English, but he speaks it in a way that reminds one of rapping a file. There are three distinct brogues in Ireland, but the Irish do not speak English with the peculiar accent that we know and denominated as "English." The reporter said what he meant, and those who read what he wrote knew what he meant, and so did the editor of the Argus, who affected an obtuseness merely to make a point against the man behind the gun in a newspaper office.

A good many of the gibes directed at newspaper English so-called is as devoid of point as the criticism of our Alameda friend. The object of speech is to convey meaning, and newspaper English does it effectively, far more effectively than does the turgid turn-of-phrase composition of the average college professor, whose redundancy of expression conveys the idea expressed by Taft's use of the word "conceal meaning."

The newspaper editors are figuring furiously on the age of Ann, who is alleged to be the same age now that her sister Mary was when she was twice as old as Ann—Mary is 24. We decline to discuss the lady's age because we haven't the honor of her acquaintance. Who is Ann anyhow?—and what does her age signify?

You Can Be Cured.
No. 11 Cedar Terrace, Hot Springs, Ark., April 28, 1903
When I was first married I found that my strength and health were gradually diminishing. I became nervous and irritable, and was in bed a week and sometimes ten days of every month, and had intense bearing down pains. My husband had the best physician for me and I used his medicine for nearly four months, but I gradually grew worse, had less strength, and, finally, I was unable to leave my bed at all. A friend who was calling on me brought me a bottle of Wine of Cardui and was so loud in its praise that I told her that I would take it to please her. I was surprised and pleased that before I had used the bottle I really felt better, so I kept on using it. Eight bottles brought back my lost health and strength, and I have not had a sick day in six months.
WINE of CARDUI
Mrs. Finnegan had little hope of relief because she knew that every time she had those spells of menstrual suffering with attendant bearing down pains she was weaker. And every month the pain was growing more severe. But Mrs. Finnegan was cured by Wine of Cardui. She is now so well that there are few women who would not be glad to have the health she has. And any woman who has those dreaded bearing down pains can have the same relief. You can be free from menstrual irregularities if you take this pure vegetable wine. Why don't you take it when you see what it has done for others? Secure a bottle of Wine of Cardui to-day. Your druggist has \$1.00 bottles.

S. HUFF TELLS OF HIS TRIP EAST AND SOUTH.

SAN LEANDRO, October 23.—Soc-
rates Huff has returned from an ex-
tended eastern trip. He has gone five
weeks and visited nearly every State
east of the Mississippi river.

"We first went to Salt Lake City,"
said Mr. Huff, in relating his travels,
and spent two days viewing the beau-
ties of the town. Then we went to
Denver where we stopped over long
enough to see the city to good ad-
vantage. Between Colorado and Chi-
cago we made no stops. A short stay
was made in the Windy City accom-
panied by a side trip to South Bend,
Indiana, where one of the largest wa-
gon works in the country is located.

"We took the boat up Lake Michi-
gan for Saint Joe, my old home town,
and spent the night of the fruit sea-
son. I tell you California has a strong
rival in Western Michigan in the pro-
duction of apples, pears, peaches and
grapes. I made a careful investiga-
tion of the orchards along the lake
shore region and found some of the
finest and most delicious fruit I ever
saw or tasted.

"We then went on to New York,
where we experienced the great storm
a few weeks ago. Our train was the
last one over the line before the flood
caused the washouts. In twenty-four
hours ten inches of rain fell. We spent
four days in New York. I had not
been there since 1889 and of course
noted a great change.

"Then we journeyed up to Boston
and New Haven. The latter place I
had not seen in fifty-two years. The
college town looks quite different from
what it did in the old days.

"I found the East very prosperous
with the exception of Wall street,
whose stock furries are causing con-
siderable excitement just now. There
has been a little too much rain of late
but otherwise crops are very good.

"Washington was one of the most
interesting and beautiful places we
visited. A brief tour of the Southern
States, Virginia, the Carolinas, Geo-
gia, Mississippi and Louisiana fol-
lowed. In the latter State and Texas
I made an investigation of the sugar
cane and rice growing industries.
Planters say that rice is a most pro-
fitable crop.

"The return trip through New Mex-
ico, Arizona and Southern California
was made without event. I had not
been East in ten years and the jour-
ney proved a revelation to me in re-
gard to the way the country has
grown."

some way these people were purged of
all traces of crime of which they were
undoubtedly guilty.

"These people claim they have invest-
ed \$10,000 there. I say that the property
owners in that vicinity have lost \$10
where they will lose \$1, by the depre-
ciation of property values."

In answer to a question by Council-
man Howard as to what remedy he could
suggest, he said:

"I do not believe any contract should
be entered into with these people. I be-
lieve that the city should have a crema-
tory, but I believe that it should be lo-
cated in the manufacturing district, not in
what has been used as a residence por-
tion."

"By such a course you are condemning
to absolute oblation this district. The
fact of the building being there and the
fact that it will be put to the purposes
for which it was built has already depre-
ciated the property values."

Mr. Howard—I think myself that the
location of that crematory was a blunder.

Mr. Elliott—The whole matter was re-
presented to us in a string of falsehoods,
from beginning to end. They told us
that in all the Eastern cities they lo-
cated the crematory where the most pop-
ular houses were located.

I wrote to one of the cities
they named and found that it was a lie.
Mr. Egan—There is one thing that
must not be lost sight of. We have a
contract, which we are not yet clear of.
Now I want to say that I have put these
ordinances before you partly by request
and partly because I think it is the best
that can be made of a bad bargain. It is
no no scheme of mine, neither do I
care what becomes of it. I believe it is
a much better contract than the one
first entered into."

Mr. E. Gibson, a property-owner, said:
"I have to be kind to this district. I
week after week. But I am here in the
defense of my home. I have a house
that cost me \$3000. I do not want
these crematory people to come and
take it. They stole into the city under
false representations. Put the crematory
anywhere else and all of us will do all
we can to help you."

It is a peculiar thing that the people
who have been making the most fuss
about the garbage are those who live
the farthest away from it. The Council-
man who has been the greatest friend
of the garbage works lives in East Oak-
land."

Elliott—Now, Mr. Gibson, we have been
getting along swimmingly and we don't
want any more trouble.

Councilman Bueco—I don't know what
they call the manufacturing district, but
the Sixth Ward is one of the most pop-
ulous of the city. I don't want it to be
thought that the rift-riff live there or
that they are not just as particular as
other people."

Mr. Johnson wanted to plead for the
property-owners of the Second Ward.
He owned a home that cost him \$500 and
could not now sell it for \$2500. There
has not been a new house built in the
section since the crematory was located
there. The little homes of the people
who live there are as dear to their
owners as are those held on Jackson
street."

Councilman Cuvellier asked if the
garbage dumps now there were not as
detrimental to the property as the crema-
tory.</

DENY THE MURDER.

LONDON, Oct. 23.—The two Croations who were arrested on the steamer Philadelphia on her arrival at Southampton, October 21, from New York, on the charge of murdering a contractor at West Middletown, Pa., were brought up in Bow street police court today. They deny having committed the murder and were remanded for further hearing.

MINISTER OF WAR.

SANTIAGO DE CHILE, Oct. 23.—General Luis Barrios has been appointed minister for war in the reconstructed Chilean cabinet.

THE HUB

Corner of Eleventh and Broadway, Oakland.

A the meeting of the Bakery Wagon Drivers' Union last night the committee appointed to secure the signatures of proprietors of bakeries to the new schedule reported it had been most successful. Every union employer has signed the agreement and the schedule went into effect on Monday, October 19.

The schedule provides for \$15 a week for drivers working ten hours a day and \$17 a week for those working twelve hours a day. It has been under consideration for about four months and has the endorsement of the Federated Trades Council, the Teamsters' District Council and the International organization of drivers.

For some of the shops it will mean an increase in the pay of employees, and in others no raise is necessary to conform to the schedule.

COOKS AND WAITERS.

The hotel committee, together with Business Agent Perry Conwell, will start out tomorrow morning securing the signatures of employers to the schedule for cooks and waiters in hotels.

An error was made in yesterday's report of the schedule for the Cooks and Waiters' Union and \$10 from the Bakery Wagon Drivers' Union. The acts as business agent for both unions.

FEDERATED TRADES COUNCIL.

At the meeting of the Federated Trades Council last night the Labor Day committee made an incomplete report, as all the unions have not yet made returns of their dues for the Seal Mount Park picnic given them to sell.

At the request of the Boot and Shoemakers' Union and on the recommendation of the executive committee of the council, it was determined to press the boycott against all non-union shoes in Oakland and a boycott has also been declared against the wagon shops of J. Chas. on Fourteenth street, in East Oakland, which employ wagon-makers' union has declared unfair.

J. Foley was seated as a delegate from the Bakers and Confectioners' Union. The Soda Water Wagon Drivers' Union presented to the council for endorsement a new schedule. It was referred to the executive committee. It was adopted by the council and the Federated Trades Council at last Wednesday's meeting, when presented by Delegate Remissig. The schedule provides for \$20 a week for regular drivers and \$16 a week for helpers.

PAINTERS.

At the meeting of the Painters' Union, Local No. 127, last night, three candidates were initiated and applications received from four more who wish to become members. The union has nominated William Scully for third vice president of the National Brotherhood of Painters and Decorators.

The District Council of Painters at its last meeting endorsed the candidacy of L. D. Smith for third vice president of the Brotherhood of Painters and Decorators of America, and also the candidacy of Bert Andrews for general secretary-treasurer. Smith and Andrews are members of Local Union No. 19, which has elected to submit their names to the coming convention.

Some labor leaders believe that a district council has no right to endorse the nomination of a certain man for an office. Smith is a member of the San Francisco union and Oakland's candidate was ignored by the council's endorsing him.

MATERIAL TEAMSTERS.

The banner case to hold the silk flag and banner of the Material Teamsters' Union has been placed on the wall in Kohler and Chase Hall. Three new members were initiated into the union and applications received from six candidates for a mission. The new charter recently received from the national organization has been framed and hung on the wall. There will be a special meeting of the union the first Thursday of November and a list of fifty cents will be imposed on all members. The new charter was decided to serve refreshments and to have an entertainment immediately following the business for which the special meeting is called.

ENJOYING A VACATION.

The Express and Draymen's Union has granted their business agent, S. A. Willard, a week's vacation.

TEAMSTERS QUIT WORK.

The teamsters employed at the coal and grain warehouse of E. L. Blackman, at the corner of East Fourteenth street and the California railway, in Fruitvale, yesterday walked out.

They claim that their employer makes them board with him at the rate of \$6.40 a week. The food, they allege, is inferior, being principally spaghetti and bologna sausage.

Business Agents Frank Figueroa of Teamsters' Local Union No. 10, William Brown of the Material Teamsters' Union, and J. B. Bowen of the Building Trades were out to the establishment to investigate.

Flannels and Waistings at Prices Far Below Their Value

Tomorrow we place on sale 2000 yards French flannels and wool waistings. They are what remains of several lines that have been cut into heavily already his season. We shall, therefore, close them out at prices far below their value.

600 yards of solid colored imported French flannels, 27 inches wide, reduced from \$50 and \$60 to 25c per yard. 1400 yards of wool waistings in plain and fancy stripes on cream and colored grounds, 28 to 30 inches—reduced from \$50, \$60 and \$75 to \$35 per yard.

A Splendid Showing of Trimmings

Our liberal purchase of trimmings both in New York and Paris has given us the largest and most varied selection on the coast. Particularly attractive is the showing of brilliant fibre braids in a 3-4 inch width. We have ten styles including the popular wave braid, black and white cord braid, and Persian effects. Price \$20 per yard.

Golf Skirts Under Priced

We have just received from the East a shipment of golf skirts which are of remarkably good value. They are of tweed and have five gores, with lapped seams, and six rows of stitching about the bottom. Price \$350.

Undervests Sharply Reduced

WILL OPERATE THE NEW FERRY.

The first train to be operated in the regular ferry service of the San Francisco, Oakland and San Jose Railway will leave Berkeley at 6:26 o'clock next Monday morning, and at 6 o'clock its passengers will be landed at the ferry depot in San Francisco. Unless unforeseen circumstances interfere this will be the schedule time for the trip between Berkeley and San Francisco.

LOS ANGELES BUTCHERS' STRIKE.

The Los Angeles Council of Labor has issued a statement to the public explaining the trouble between the butchers and their employers. Beside saying that there is a possibility for a meat famine in Los Angeles, the statement says that the butchers are willing to arbitrate any and all differences with their employers. This the butchers agreed to do. Then the council endorsed their request for a nine-hour workday.

ROUTINE WORK OF COMMITTEES.

The Ordinance and Judicial Committee of the City Council met last night in special session, mainly to consider the proposed crematory and night on-the-spot ordinance and in addition thereto agreed to favorably recommend the following:

TONIGHT'S MEETINGS.

The millmen and shinglers have meetings scheduled for the evening in Kohler & Chase Hall, Broadway and Eleventh street; the garment workers and soda water bottlers, in the Coker and Winters' headquarters, Eighth street and Broadway; the executive committee of the Newsboys' Union will meet at the room of President Oberlies on Ninth street.

An \$18.00 Couch for \$13.95

The above is an illustration which will give you an idea of the couch. It is Rococo Tufted and 6 feet, 6 inches long and 30 inches wide. The springs are wire tied, no webbing or twine being used. It has a velour cover in a very handsome design. This couch sells regularly for \$18.00—we offer it this week for \$13.95.

Our prices on Velour Couches range from \$5.00 to \$30.00, and in leather from \$27.00 to \$85.00.

Exclusiveness in Dress is what gentlemen seek

When a man wants a hat, or a tie, or a fancy vest, or a shirt—he seeks exclusiveness. He wants something that nobody else has. To do this he should see our most carefully-selected display. It is a display of exclusiveness throughout. And he will be most agreeably surprised to find that the prices are no higher than in stores where the most ordinary stocks are carried.

ST. PATRICK'S FAIR IS A SUCCESS.

The church fair for the benefit of St. Patrick's Church is going on in West Oakland Auditorium. The ladies are working hard and their success is assured since large crowds have been attending every evening. One of the novel features of the fair is the "Country Store" conducted by the members of the American Council, No. 8, Y. M. C. A. Anything may be purchased from a silk dress to a package of soap and each customer goes away highly pleased. Young men of high character create much interest for visitors and show much originality in attracting crowds to their booths. A neat sum is assured for the charitable fund and a number of city merchants have notified the management that they will attend the evening to lend their assistance to swelling the fund. The young ladies of the various booths are making preparation to receive their visitors in their own hospitable way.

Thursday evening, Company F. L. C. gave an interesting military drill and showed themselves generous patrons of the candy and refreshment booths afterward. Mrs. E. Hanigan and Misses Maloney and Farrell are prepared to make anyone feeling sweet-meats or substantial meat. Saturday evening the various societies will attend an interesting program and general good time is assured to all.

BOUGHT BY BANK.

J. C. McMillen, president of the State Savings Bank, yesterday purchased the Women's Exchange, property on the northwest corner of Franklin and Thirteenth streets. The deal has been under negotiation for months with H. O. Bred and Bancroft, representing Mr. McMillen, and R. M. Plitzwald, attorney for the McLaughlin estate which owned the property. The lot has a frontage on Thirteenth street of 100 feet and runs 100 feet on Franklin street. Besides the two-story building on the corner, the lower floor of which is occupied by the Women's Exchange, there are two frame dwellings on the Franklin street side belonging to the property. The purchase price is said to be about \$40,000.

The State Savings Bank which is now located at 426 Tenth street, will occupy the new building within the near future.

Bright Disease and Diabetes News.

San Francisco, Oct. 13, 1903. We are permitted to copy the following letters.

St. Paul, Minn., Sept. 11, 1903. Colonel William Hawkins, G. S. Quartermaster's Department, San Francisco, Cal.

Dear Sir: Will you be kind enough to let me know what has been your experience with J. C. Fulton Compound for Diabetes. I am a sufferer from this disease and despair of getting any better. If you have been cured by the compound, you put me in touch with the source of supply. I am, yours truly,

Care G. Somers & Co., St. Paul.

U. S. Quartermaster's Department, San Francisco, Sept. 13, 1903. W. P. Jackson Esq., care G. Somers & Co., St. Paul, Minn.

Dear Sir: I have yours of the 11th. I was out of town but would have answered before. I can tell you what the Fulton Compound did in my case. It is now four years since I first took the Compound for Diabetes. I took about eighteen bottles. I was so weak when I first commenced taking it that I could not walk from the ferry to my office without sitting down three or four times. I noticed improvement from the first and it was then gradual until I was well. One of the leading physicians here whom I consulted during my illness told me that there was so much sugar in the blood that I would never get over it. After I had gotten well I went to see him again and he could hardly believe it. I would also say that not alone did my own case demonstrate the truth of the claim made by the Compound but I have seen many friends who recovered. I have no hesitation in saying the cure for Diabetes is here.

I was told of the Compound by Mr. Edward Short of the "Call." He was in about the same condition that I was at one time. He recovered and his recovery was what interested me. I will add that a gentleman was in our office the other day, and knowing of my recovery he mentioned the fact that he and his little daughter, 7 years old, had had diabetes and had recovered under this Compound. He told it in the presence of a number of us. He wanted me to know of it, as my name was in the list of recoveries. I do not recall his name, but can get it. Young truly,

WILLIAM HAWKINS.

Bright's Disease and Diabetes are now curable by the Fulton Compound in nearly nine-tenths of all cases. J. C. Fulton, Co., 406 Washington street, San Francisco, sole compounders. Literature and list of 500 agents free. Owl Drug Co., 11th and Broadway, Chicago, Seventh and Market Sts.,

WOMAN SWALLOWS POISON BY MISTAKE.

Mrs. P. J. Dakes of 778 Eleventh street took two swallows of a mild poison last night by mistake. She awoke in the night with an attack of indigestion. She arose and groped her way to the little closet where she kept her household remedies and picked up as she supposed, a bottle of bi-carbonate of soda to counteract the acid in her stomach. She swallowed it and then another before morning. She had not been in bed long after the second dose before she began to have internal pains of an unusual nature. She examined the bottle from which she had taken the swallows, and found that it was Peppermint, a mild poison. She quickly dressed herself and went to the Receiving Hospital, where she was given an antidote.

For five days a gang of ship carpenters and machinists has been engaged repairing the damage done to the ferry boat Oakland at the time of her collision with the Newark. Today the job was finished and the boat can go into commission as soon as the company desires. The principal injury to the Oakland consisted of a broken spring beam. As this beam is fifty-four feet long it was quite a job to replace it with a new one. The Newark also scraped the side for a space of twenty feet clear of supports. In speaking of the injuries to the vessel one of the foremen said today: "The Oakland was struck in the strongest part of her whole body. A blow twenty feet to either side would have reached a much more vital spot. Of course, however, no matter how hard the blow or how deep the hole the boat would not have sunk because of its water-tight compartment. Fifteen men in all were employed in repairing the Oakland."

RAILWAY CLUB SECRETARIES PUBLISH RECORD OF PAPERS.

The Society of Railway Club Secretaries has published a biennial report or index of papers and subjects discussed by railway clubs from May 31, 1902, to May 31, 1903. The report is issued in the form of a neat pamphlet and represents twelve railway clubs in different parts of the United States and Canada. Following is the index of subjects of the Pacific Coast Railway Club:

June 21, 1902—"The Microscope and the Metallurgy of Steel," George C. Floyd. July 19, 1902—"Relation of Track to Traffic," F. R. Coste. "Some Observations on European Railways." August 16, 1902—"The Superintendent, the Conductor, and the Engineer," B. D. Adams. September 20, 1902—"American Railroads and Our Commercial Development," George H. Daniels. October 13, 1902—"Lecture and Experiments: 'The Analysis of Water,'" Mr. Edmund O'Neill, Professor of Chemistry, University of California. November 19, 1902—"Some of the Duties of Mechanical Officers." December 20, 1902—"Railroading in the Pacific Northwest," R. V. Gleave. January 17, 1903—"Electricity vs. Steam," C. F. Swigert. March 21, 1903—"Can the Present State of the Railway Industry be Improved? and How?" E. L. Brasswell, B. A. Worthington, W. H. Norton and J. K. Brassell. April 18, 1903—"The Structure and Service of Modern Brake Shoes," F. W. Sargent. May 15, 1903—"Modern Equipment of Locomotives for the Prevention of Smoke, Using Coal or Oil as Fuel," W. N. Best. June 20, 1903—"Correct Railroad Standards," W. H. Shearsy. July 18, 1903—"The Care of Locomotive Boilers," M. E. Wells.

To this list may be added the following dates and subjects: August 15, 1903—"The Training of the Eye," H. H. Hale. September 19, 1903—"A Study in Engineering: Designing a Rational Method of Design," G. S. Edmonds. October 17, 1903—"Of the Most Intricate Value to the Railway World," D. P. Kellogg. The best of the Pacific Coast Club's proceedings dated to date.

THE ELECTRIC TRANSFORMERS HAVE NOT YET ARRIVED.

The continued non-arrival of the electric transformers has caused a necessary delay in the proposed operation of the boiler shop by electricity. The belting and shafting are being rapidly put in and all is in readiness for the installation of the new system.

NOTES AND PERSONALS GATHERED ABOUT THE YARD.

Bob Yates, shop foreman, has returned to work after two days' absence, caused by sickness. Frank Twomey, machinist, is laying off. Attorney Shay, of the Southern Pacific law department, recently suffered an operation at the railroad hospital in San Francisco for the removal of his appendix. He is now convalescent at his home in this city.

Agent E. M. Farren has been transferred from the Emeryville station and now occupies a better paying situation. Work on the car float progresses but the delay of the new house is not yet finished, and while the rails are in position they have not yet been secured to the deck. Stevenson, traveling engineer, western division, has returned from a two weeks' vacation. Foreman P. J. Flynn, the G. A. R. veteran of the many wars, has returned to work after an absence of six weeks, caused by a severe cold. C. L. Gibson has filled his place during his absence.

Passenger engines over the round-house drop for light repairs. Freight engine 2034 was wheeled yesterday. Freight engine 4070 made a successful trip to the freight today. Freight engine 2046 is being rushed through for service on the Ferrel street slip.

FINEST TRAIN THAT EVER CROSSED CONTINENT

An edition de luxe in railroad trains is what the "Bankers' Special" that brought the New York bankers to San Francisco may be appropriately termed. The science of railroading seems to have been exhausted in making this palatial train the acme of luxury, comfort and convenience in travel. For splendor of appointments, harmony of detail and completeness of equipment this train far surpasses any train that ever crossed the continent. It is a triumph in the art of making a railroad journey appear like a trip in fairyland.

Milton Courtwright Roach, General Passenger Agent of the New York Central Railroad, designed the composition of this magnificent train, and has taken personal supervision of it during its itinerary, which covers a distance of 7,557 miles in sixteen States, traversing the lines of the New York Central, Lake Shore, Rock Island, Denver and Rio Grande, Southern Pacific, Santa Fe, Wabash and Big Four railroads. Mr. Roach is simply running a complete up-to-date hotel on wheels. Travel in this train under his supervision reduces the fabled journeys on Solomon's carpet, of Oriental fiction to mere ragtime excursions by comparison. Nothing seems lacking to please the most fastidious or cater to the tastes of the most luxurious.

TRAIN ON EXHIBITION.

Thousands, with a curiosity to see how the money kings of the Empire State travel under the auspices of the New York Central, which has the reputation of being the finest railroad in the world, visited this splendid train at the Oakland mole yesterday, where Carlton C. Crane, Pacific Coast Agent of the New York Central, had it on exhibit.

THE BANKERS' SPECIAL TRAIN DE LUXE.

great four-track trunk line, the New York Central Railroad proper, the system comprises among others, the Michigan Central Railroad, universally known as the Niagara Falls Route, as its trains run directly by and stop opposite the great cataract, this Mecca of all travelers; the Lake Shore and Michigan Southern, the great mail carrier of the United States and the route of the Lake Shore and the Twentieth Century Limited; the Big Four Route connecting the principal cities of the Middle West; the Boston and Albany through the Berkshire Hills and terminating in Boston at the new South Station, also the Pittsburgh and Lake Erie and Western, the natural Gas Route, and several others, bringing the mileage up to a total of 11,126 miles, and traversing a territory in which are found over half of the population of the country. Over this vast system there daily pass hundreds of freight trains, each composed of over 50 to 100 cars, many of which carry over 1,000 bushels of grain, 60,000 pounds of merchandise or 110,000 pounds of coal each.

SOME FAMOUS FAST TRAINS.

The New York Central lines operate the famous Twentieth Century Limited, the fastest long distance train in the world and which daily, with pendulum-like regularity swings between the two great commercial centers, Chicago and New York; so that the man of affairs may leave one city at the close of a business day and arrive at the other for the opening of business the next morning. It was this train in conjunction with the Lake Special that made possible the record-breaking time made recently across the continent.

The equipment of the justly celebrated

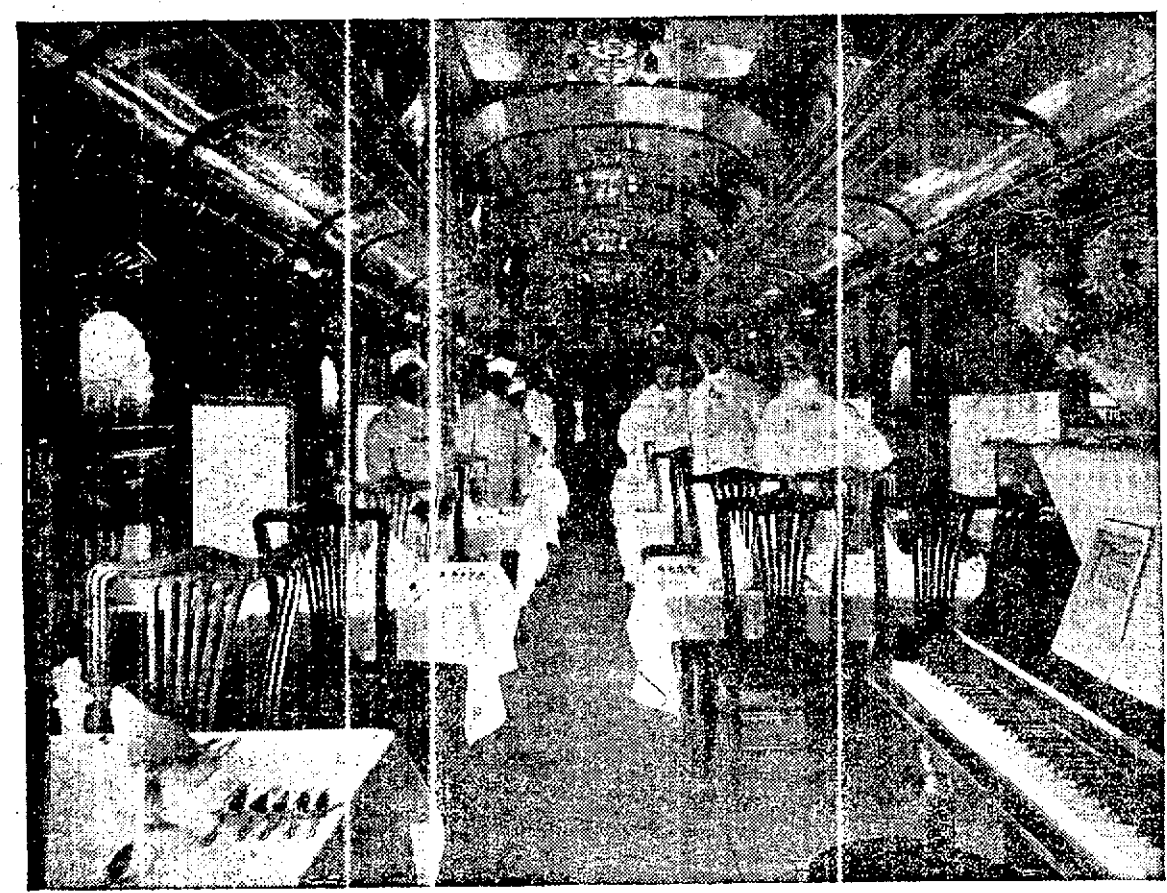

trains. As to the physical perfection of these lines, it suffices to say that for a distance of over 500 miles a train some years ago was run over the Lake shore at an average rate of speed of over 65 miles an hour, beating by a very safe margin any officially recorded run ever made before or since in this or any other country.

The New York terminus of the New York Central lines is the Grand Central Station at Forty-second street, located in the heart of the shopping and hotel district and possessing the unique advantage of being the only depot in New York City. Arriving at and departing from the Grand Central Station are an average of 350 passenger trains daily.

Mr. Carlton C. Crane, with headquarters at San Francisco, has long been the Pacific Coast Agent of the New York Central and many Californians have occasion to feel grateful to him for the courteous manner in which he has smoothed the way for trips to New York and other cities on the Atlantic seaboard. Mr. Crane naturally takes pride in the fact that his company has sent him out the finest train that ever rolled across the continent.

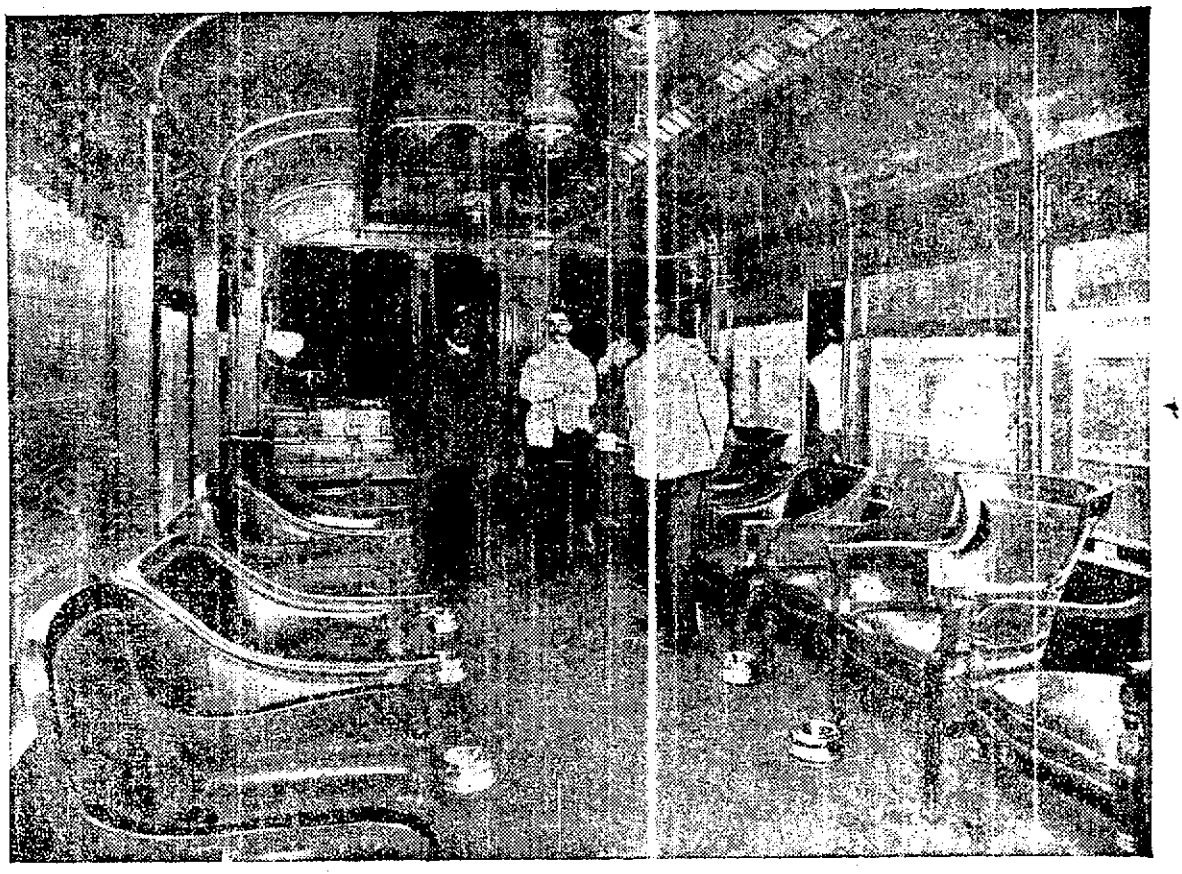

CARDOSA MAY NOT GET DIVORCE.

The divorce suit of Manuel A. Cardosa against Carrie L. Cardosa came up for trial before Judge Ogden and, according to the view taken of the matter by the judge, either Mrs. Cardosa is incompetent or Cardosa himself is at fault. The judge refused to grant the divorce and

THE GENTLEMEN'S CLUB CAR.

bition. Mr. Crane, who is one of the most capable and popular railroad men in San Francisco, personally supervised the inspection of the coaches by the visitors, being assisted in receiving the by F. M. Byron the Los Angeles agent of the company. It is needless to say that the visitors were charmed with the beauty and luxury of the appointments.

This marvelous creation of modern railway enterprise consists of ten coaches, all new, all finished in natural woods carved and polished to produce the most artistic decorative effects. The appointments are rich and sumptuous, both in material and color tones that blend harmoniously with the polished wood and metal work. There are four drawing room coaches, two club coaches, one observation coach, with music room and piano; two dining cars, and one buffet smoker, with reading room, bath, barber shop, etc. Among the attendants are a maid, a ladies' maid, a barber, a valet, who is assigned to the wants of the gentlemen passengers, a messenger and a mail clerk.

A HOTEL ON WHEELS.

There are twenty-three attendants, including porters, cooks, waiters, etc., who occupy a tourist sleeper at the head of the regular train. The dining cars are placed in the center of the train, with the kitchens placed together, an arrangement that enables the passengers to go to their meals without traversing several coaches. For the dining cars the services of cut glass, china and silver plate are equal to those found in the most palatial homes.

Next to the sleeping car of the train crew is gentlemen's buffet car, with smoking compartments, library, barber shop and bath. Following are two drawing-room sleepers and a compartment car containing two drawing-rooms and seven staterooms, similar to the modern cars now running on the New York Central's twenty-hour train between New York and Chicago. Then there are the two diners, one of which is provided with a piano and both of which are utilized as social halls in the evening as occasion requires. Behind

the diners are three compartment cars, and the rear car of the train is an observation car, in which many of the social events of the trip take place. The car is provided with a piano, among its many other luxurious appointments, and is set apart for the use of the ladies of the party.

THEATER AND BILLIARD ROOM.

"All we need to make life on this train perfect is a theater and a billiard room," said one of the party. "If we were speculators we might want a stock ticker, but bankers never speculate, you know." And he gave a smiling wink.

The state-rooms are finished off in different kinds of woods, mahogany, rosewood, maple, oak, etc., and are upholstered in different colors, giving each interior an aspect and character of its own. Each state-room is fitted with electric fans and ventilators, hot and cold water, gas and electric lights. A novel feature, and one most attractive to the ladies, is an electric curling iron heater in each state-room. From the Book Lovers' library in the buffet car all the standard works and latest magazines can be had, and the passengers can read all they please in bed at night. Meals are served at all hours till late at night, and the diversions include cards, chess and other games.

HAD A GAY TIME.

The run from New York to San Francisco is described by the visiting bankers as a merry round of festivities. A sacred concert Sunday evening was one of the incidents of the trip, and among the social events of the trip that were probably never before witnessed on an overland train was an evening at progressive euchre, in which twenty couples participated, and an afternoon tea in the ladies' car that furnished a delightful diversion for all the ladies of the party. One of the things that afforded entertainment and amusement for the bankers and their ladies was a daily paper, issued on the train in typewritten form. It was ably managed and edited by Congressman C. A. Pugsley, Milton C. Roach and Malcolm D. Simpson, and reflected the wit and

wisdom of many of the distinguished financiers on the train in addition to chronicling the social doings and other incidents of the trip.

At Salt Lake the train laid over for several hours, while the passengers roamed about the city. By special courtesy W. B. Spence gave an exclusive recital in the Tabernacle on the grand organ, one of the largest in the world. The Tabernacle is celebrated for its acoustic properties and Mr. Spence has a national fame as an organist.

One "Bankers' Special" left New York at 5:30 p. m. on the 13th instant and arrived at the Oakland Mole at 6:30 on the 18th, consuming five days in the run, including stops at various points of interest.

A DISTINGUISHED PARTY.

On board the Special were some of the most distinguished financiers in the country, with their families, the entire party including 115 persons. Following is a list of the passengers: Charles G. Allen and wife, cashier Portland National Bank, Portland, Me.; William C. Allen and wife, with C. G. Allen, Portland, Me.; J. L. Antrim, director Sute Bank of Virginia, Richmond, Va.; Colonel James R. Branch and wife, secretary American Bankers Association, New York; Joseph G. Brown, president Citizens National Bank, Raleigh, N. C.; Miss Josephine Brown, with J. G. Brown, Raleigh, N. C.; Thatchers M. Brown, Brown Brothers & Co., New York; F. N. Bigham and wife, cashier Bridgeport National Bank, Bridgeport, Conn.; Philip S. Babcock, trust officer, Colonial Trust Company, New York; A. W. Burnett, assistant cashier Second National Bank, Orange, N. J.; Miss Louise Bahnhon, with F. H. Fries, Winston-Salem, N. C.; David Cromwell and wife, president First National Bank, White Plains, N. Y.; J. Elwood Cox and wife, president Commercial National Bank, High Point, N. C.; Samuel B. Conover, vice president Irving National Bank, New York; Alfred H. Curtis and wife, cashier National Bank of North America, New York; Alex D. Campbell, assistant cashier Hanover National Bank, New York; S. W. Conklin and wife, director Patchogue Bank, Patchogue, N. Y.; Miss Daisy W. Conklin, with S. W. Conklin, Patchogue, N. Y.; J. H. De Ridder, president New York State Bankers' Association, Saratoga, N.

Wegen and wife, president First National Bank, Oxford, N. Y.; Miss Mabel Vann, with Joseph G. Brown, Raleigh, N. C.; G. S. Whitson and wife, vice president National City Bank, New York; Clark Williams, vice president United States Mortgage & Trust Co., New York; Charles Elliot Warren and wife, cashier Lincoln National Bank, New York; Miss Warren, with C. E. Warren, New York; Merritt N. Willis Jr. and wife, cashier Com Exchange National Bank, Philadelphia, Pa.; Gilbert A. Wright and wife, superintendent North and East River S. E. Co., New York.

ON PLEASURE BENT.

On the homeward trip stops will be made at Del Monte, Old Monterey, Santa Barbara, Los Angeles, Pasadena, Redlands and Riverside. The party is in no hurry, and its members desire to see the country at their leisure while traveling at such luxurious ease. Time may be money to some people but the visiting bankers from New York are finding life so agreeable flitting about the country in the finest train in the world that they think a good time is better than money just at present. From Los Angeles the "Bankers' Special" will go east over the Santa Fe, stopping at Williams to give the party a chance to see the Grand Canyon of the Colorado.

AMERICA'S GREAT RAILROAD.

The New York Central, which equipped and sent out the "Bankers' Special" has had a wonderful development, and is justly celebrated for the perfection to which it has brought railroad travel in America.

In 1831 the New York Central Railroad, the parent stem of the New York Central lines, consisted of seventeen miles of track, with motive power and equipment comprising one primitive locomotive, the De Witt Clinton, and three small passenger carriages, which were really old Concord coaches made over. At the present time the New York Central system stretches like a vast net over the section bounded by Montreal and the St. Lawrence river on the east by Boston and New York, on the south by the Ohio river and the coal regions of Pennsylvania, and on the west by Chicago, St. Louis and the Mississippi river. Besides the

brated limited trains on the New York Central lines is substantially the same as that composing the "Bankers' Special" each of them carrying observation and club cars with a stenographer, stock reporters and many other features not usually found on railroad trains.

VITAL FORCE.

Is Crushed by Chronic Troubles.

One of the most weakening, undermining troubles, which mankind is heir to is hemorrhoids, or piles. The victim is careless and neglectful of the disease at first because the pain is slight and the bleeding may only occur occasionally, or he may be reassured by the occasional disappearance of the symptoms. And yet if at the very start he had found a rational remedy to soothe the inflammation, he would probably never have had a return of this irritating malady.

Piles may develop at any season of the year, and at almost any age of the victim; the abuse of cathartics often causes this trouble, and a period arrives when the dread of pain at stool becomes so great that the sufferer begins to neglect the calls of nature, and the bowels are either forced to retain the feces or are only partially cleared, on account of the suffering attendant upon a thorough movement.

Before you reach this stage use a remedy which removes the cause, thereby eradicating the disease, and that is the Pyramid Pile Cure which is sold by all druggists at fifty cents a package; it is in the form of a suppository, is applied directly to the parts affected and brings about a complete cure quickly and painlessly. A valuable little book on the cause and cure of piles is published by the Pyramid Drug Co., Marshall, Mich., and we advise every sufferer to send for a copy of it.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without detention from business or interference with daily occupation.

"I feel it my duty to recommend the Pyramid Pile Cure, for after suffering ten years with a most distressing form of piles, I am entirely cured, thanks to this remedy. Anyone doubting this can write to Margaret Brady, 156 Whitman street, Cleveland, Ohio."
